The SPACER STRIP is located in the passenger seating area and is part of the carpet installation. It serves the main function of covering the passenger seating floor tracks on the aircraft flooring and provides an even surface for carpeting.

The SPACER STRIP is a flat thin polycarbonate plastic strip with a double sided adhesive tape covering one side and a light texture on the exposed side. The part adheres to the floor by means of the double sided tape and is 50 inches long and about 1 inch wide.

Part Name	ATS PMA P/N	OEM P/N	OEM	ELIGIBILITY
Spacer Strip	F2527666700000ATS	F2527666700000	Airbus Industrie	A340-200, 300, 500, 600 Series

Advantages of Product Improvement:

Improved availability of parts in the market and offers a substantial cost savings over the OEM part without affecting the original form, fit or function.

Hazmat Statement: Parts manufactured by AAXICO Technical Services do not willfully contain hazardous materials and metals derived from minerals defined as “Conflict Minerals”. These include, but are not limited to, tantalum, tin, tungsten and gold. For more information regarding “Conflict Minerals,” please refer to section 1502 of the Dodd-Frank Act.
