

HYDRAULIC, FUEL AND OIL HOSES

PROONENT HOSE DIVISION

Proponent Hose Division is an FAA approved manufacturer and stocking distributor specializing in aftermarket services and part sales to commercial airlines, MRO's, general aviation and the aviation industry worldwide. We work as your trusted partner providing hoses and solutions that help keep you moving.

TITEFLEX

Titeflex is the premium brand of aerospace hose.

- Improved lifespan of the hose products: retrofit your rubber hose with Titeflex Teflon™ hose Products
- All Teflon™ & metal inner-core with stainless steel or Kevlar® reinforcement braid, no rubber
- Proponent Hose Division is the only west coast Titeflex Distributor
- Custom Hose Kits available for Engine and Airframe: Please visit our website for more information.
- Quick turn around time "TAT" – Ship "as removed" hoses to Proponent. We will cross reference to Titeflex part number and quote within 24 hours.
