Our World Is Parts.

Our Passion Is Partnership.

Proponent is a global provider of aerospace parts and distribution solutions. As the fresh identity representing Kapco Global and Avio-Diepen, we have over 115 combined years of aviation expertise. In that time, we've learned that relationships are what really keep planes in the air.

Our relationships with aircraft operators, maintenance providers, manufacturers and our supply chain partners drive us to deliver reliable, customer-centered service that focuses on real-time needs. Currently, we support more than 400,000 vital aviation parts and components for all your commercial and regional aircraft needs.

As the industry evolves and our partners' needs shift, our product and service offerings follow suit. By constantly reviewing and adapting our product range, we remain agile enough to serve the most modern platforms while also maintaining levels of essential components for legacy fleets.

This guide features a small sample of our products. To learn about the full range of our product offerings and to discuss how Proponent can support your needs with our innovative customized solutions, please email us at sales@proponent.com or call your local Proponent representative at any time.
