

Product Guide

Our World
Is Parts.

Our Passion
Is **Partnership.**

Proponent is the leading independent distributor of commercial aircraft parts, serving the MRO, OEM and airline markets for over 50 years. With worldwide inventory and staff, we operate on the global scale of aerospace.

Proponent isn't just a name, it's our mission statement. With unmatched agility and service, we are focused on simplifying your aftermarket needs with custom solutions that provide you with fast, easy, and reliable delivery of critical parts.

Our relationships with aircraft operators, maintenance providers, manufacturers and our supply chain partners drive us to deliver reliable, customer-centered service that focuses on realtime needs. Currently, we support more than 500,000 priced vital aviation parts and components for all your commercial, regional and business aviation needs.

As the industry evolves and our partners' needs shift, our product and service offerings follow suit.

By constantly reviewing and adapting our product range, we remain agile enough to serve the most modern platforms while also maintaining levels of essential components for legacy fleets.

This guide features a small sample of our products. To learn about the full range of our product offerings and to discuss how Proponent can support your needs with our innovative customized solutions, please email us at support@proponent.com or call your local Proponent representative at any time.

Why ProOEM?

BROAD PRODUCT PORTFOLIO

We pride ourselves on being able to provide almost everything you need for a job, with a wide variety of interconnect, interior, safety, and other critical aircraft parts. Many of our products are in stock and available now.

TECHNICAL EXPERTISE

We're more than just stocking and logistics specialists. Our team of experts understands the uses and benefits of all the components that we support. Yes, we can tell you what we have in stock, but we can also advise you on which part is right for your situation.

ESTABLISHED SUPPLIER RELATIONSHIPS

We know relationships are what really keep planes in the air. Our long-term relationships with suppliers allow us to get what you need, when you need it, for a fair price.

VALUE-ADD CONNECTOR ASSEMBLY

We're an authorized value-added distributor, partnering with leading connector suppliers. With two global assembly facilities, we purchase components in volume to meet your exact needs, including military and commercial applications.

Engine

Being able to quickly get the seals, connectors, hoses, and sensors you need to keep your engines in good working order, regardless of where in the world your aircraft are, makes it easier to ensure your aircraft fleet keeps flying.

Added Value Through Manufacturing

Proponent has earned a remarkable reputation based on decades of on-time delivery, a wide range of high-quality aerospace parts, and customer-centered service. As a value-added distributor, we pride ourselves on being able

to provide manufacturing services to meet our customers' needs. Our state-of-the-art systems and equipment enhance more than a half-century of direct experience in developing innovative solutions for complex customer build-to-print needs. We are your manufacturing source for special alloys & gaskets.

AN AS9100 & BOEING APPROVED MANUFACTURER

Manufacturing Capabilities

- CNC multi-axis machining, horizontal and vertical
- High-speed machining software
- Interactive CAD/CMM systems
- Build-to-print machined & assemblies complete
- Sinker EDM
- Turnkey design, fabrication, finishing, assembly
- Water jet machining
- Flat pattern & mold extrusion seals – cutting & bonding
- High-speed machining software
- Traceability/certification

Special Concentration

- Large-part precision machining to 120”
- Complex configuration inspection
- Exotic alloy machining
- Internet link to customer part database
- Project management / turn key offering

- Oil Cooler
- Check Valves
- And More...

SOLUTIONS

- 1. Reduction of Logistics Cost:** Multiple parts & suppliers in one kit
- 2. Improved Operations Efficiency:** All parts of a complete job in one package
- 3. Reduce Workload at Procurement:** One PO instead of multiple
- 4. Optimization of Inventory Management:** Improved availability of parts; reduced number of active PNs
- 5. Streamlined Warehouse Management:** Reduced number of SKUs
- 6. All Parts Fully Traceable:** All documents and certificates must be handled by Proponent
- 7. Proponent Kits are Fully Customizable:** We understand customers' needs are different, so we design and customize our kits based on your needs

Vendor Reduction

- **Logistics Cost Savings:** Make use of Proponent's global logistics network
- **Reduced Procurement Workload:** One PO processing and monitoring instead of multiple POs from multiple vendors
- **Advantage of Scale:** The customer's parts demand will be combined with Proponent's global parts demand, reducing costs
- **Inventory Coverage:** Make use of our vast experience in demand forecasting and stock management
- **Portfolio Breadth:** Extensive network of suppliers
- **Bin/Line Feed:** A steady flow of materials directly into customer production line determined with the customer based on historical and proactive forecast data
- **Quality Control:** Inspection of all parts based on the customer's QC requirements avoiding any delays with the production line

Intelligent Stocking Solutions

CONSIGNMENT

Proponent takes responsibility for improved availability of a predefined scope of parts by placing them at the customer location on consignment basis and automatically replenishing those parts based on forecasts and prior months' usage.

Typically, these materials will be consigned by Proponent and can be managed via various interfaces (XML messaging) or dedicated EDI tools.

FEATURES

- Stored onsite close to shop floor
- Pay per use principle
- Returns available
- Periodic invoicing
- Automatic replenishments based on FC or PO
- Planning & monitoring
- Common Types - VOI, VMI, and ProStore

ProStore

ProStore takes over all routine tasks dramatically cutting costs for the MRO.

- Suitable for any type of LRU's and scalable to suit large and small MROs
- Configurable to comply to MRO documentation requirements
- MRO can tie invoices to workorder
- Easy implementation. Intuitive. On Wi-Fi & 4G.
- Material certificates available on-line

Business Units

While our focus is on aerospace distribution, we have complementary capabilities through dedicated business units, each providing specialized solutions for the unique aspects of aviation business markets.

We specialize in complete replacement components for helicopters. Our unique inventory allows us to consistently and immediately respond to your crucial spare parts requirements while maintaining the most competitive pricing advantages to our customers. Proponent Helicopter Services specializes in replacement components for Bell helicopters, from large components to hardware.

One of the largest independent suppliers of replacement parts for helicopters
